ACCEPTING A CRIME LIFE FOR LOVE

For those of you who want a lot of graphic sex, you're not going to get it. If you want dark details of the crime world, um no. But it was there in the spaces between so I don't feel like I've missed the grit. First listen to Amy Johnson and I think she's fabulous. Good male voices. Great reaction inflections. Sexy female voice pulled off when appropriate. All good. Very good.
